

cike glass but better

NEW: Millicup™-FLEX filtration unit

Millicup™-FLEX disposable vacuum filtration units provide the convenience of a disposable filtration unit with the flexibility and compatibility of a traditional, glass vacuum filtration apparatus. Our innovative, three-piece design eliminates the need for cleaning prior to filtration – saving you time, and reducing the risk of sample contamination.

Advantages of the Millicup™-FLEX Disposable Filtration Unit

- Compatible with organic and aqueous solvents
- · Ergonomic, clampless design
- Reduce contamination risk
- · Filter directly into vacuum-rated storage bottles
- Easy access to membrane after filtration
- · Fully recyclable components
